

Mahammad Rafi Shaik

Full Stack Developer | React.js, React Native & Node.js

shaikmahammadrafi484@gmail.com • 6281428484 • Bangalore • [linkedin.com/in/shaik-mahammad-rafi-](https://www.linkedin.com/in/shaik-mahammad-rafi-) • github.com/shaik-mahammad-rafi01

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building web and cross-platform mobile applications using React.js, React Native, TypeScript, Node.js, Express.js, MongoDB, and PostgreSQL. Skilled in RESTful API development, database integration, responsive UI development, Firebase notifications, Git/GitHub, Docker, AWS fundamentals, and Agile development.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3

Frontend: React.js, React Native, Responsive UI, Reusable Components

Backend: Node.js, Express.js, RESTful APIs

Databases: MongoDB, Mongoose, PostgreSQL, Sequelize ORM

Cloud & DevOps: AWS (EC2, S3, IAM, VPC), Docker, Deployment Fundamentals

Integration: Firebase Cloud Messaging (FCM), Authentication, API Integration

Tools & Practices: Git, GitHub, VS Code, Postman, Agile

AI-Assisted Development: OpenCode, Claude, AI-assisted coding, debugging and code generation

WORK EXPERIENCE

Intern | Everest Engineering — Bangalore, India

Jan 2025 – Jul 2026

- Built responsive web interfaces and applications using ReactJS, JavaScript, HTML, and CSS.
- Collaborated with team members to design and implement RESTful APIs.
- Worked with SQL and MongoDB for data storage and designed schemas for efficient retrieval.
- Contributed to application development following clean-code practices and Agile workflows.

PROJECTS

Keep-In-Touch — Real-Time Messaging Application

Tech Stack: React Native, TypeScript, Node.js, Express.js, MongoDB, REST APIs, Firebase

- Developed responsive mobile interfaces using React Native.
- Built RESTful APIs using Node.js and Express.js.
- Integrated MongoDB using Mongoose.
- Implemented authentication and user management.
- Integrated Firebase Cloud Messaging for push notifications.
- Worked on calling and notification functionality.
- Optimized API performance and handled error responses.
- Collaborated with team members using Git and GitHub.

Everest Canteen Application

Tech Stack: React Native, TypeScript, Node.js, Express.js, MongoDB

- Developed Login and Registration modules.
- Created reusable UI components.
- Connected frontend with backend APIs.
- Implemented role-based navigation.
- Managed application state efficiently.
- Performed API testing using Postman.
- Used Git for version control.

Task Management System

Tech Stack: Node.js, TypeScript, Express.js, PostgreSQL, Sequelize, AWS

- Developed RESTful APIs for user and task management using Node.js, TypeScript, and Express.js.
- Integrated PostgreSQL with Sequelize ORM for database operations.
- Implemented database migrations and seeders for structured database management.
- Worked with AWS deployment concepts for hosting and managing the backend application.

EDUCATION

B.Tech — Mechanical Engineering | RGUKT Rk Valley Idupulapaya | Apr 2025

CERTIFICATIONS

Stripe Associate Developer • Stripe Professional Payments Developer • Stripe Professional Billing Developer
